

Kiser Creek Dachshunds Purchase Contract

Date: _____

Seller: Kiser Creek Dachshunds

Buyer: _____

Address: _____

Description: _____ **Miniature Dachshund**

Date of Birth: _____

Purchase Price: _____ **Deposit Amount:** _____

The Seller agrees to provide the Buyer with the above described dachshund at the above stated price. Payment in full is expected at or before pick-up of dachshund. The deposit is non-refundable except in the event of death or gross congenital defect. All dachshunds are sold as “pet” quality regardless of registration status.

- Every effort has been made by Seller to insure that your Puppy is in healthy, sound condition. The puppy has received proper vaccinations and deworming. A licensed veterinarian must examine the puppy within 72 hours of receipt. During the initial exam, should your vet detect any genetic, congenital health problems that would require further veterinary care (other than required vaccination and/or treatment of parasites or bacteria, internal or external), the buyer must contact the seller within 24 hours. A written report of the vet’s findings will be required and the Seller reserves the right to share and confirm the findings with their vet. Failure to do so will result in the cancellation of this guarantee.

- A puppy with a defect must be returned to the Seller (at the Buyer’s expense, including any shipping costs) in order to qualify for a replacement puppy. The replacement puppy will not be from the same litter, it will be replaced as soon as a comparable (same color and gender) one is available. If a puppy is euthanized without the Seller’s permission, this guarantee will be null and void and no replacement puppy will be given. This guarantee does not include fleas, ticks, worms, ear mites, coccidian, conjunctivitis, giardia, kennel cough or environmental factors as allergies, demodectic mange, and other autoimmune disorders. _____
- If this puppy dies within 72 hours of purchase, the Buyer will pay to have a necropsy performed by a licensed veterinarian and if the reason for death is found to be congenital, the Seller will replace the puppy. Seller is not responsible for any vet expenses or medical bills incurred at any time. _____

- Buyer agrees to provide puppy with routine preventative care, follow vet guidelines on worming, vaccinations, neutering/spaying and proper housing. If the Buyer decides that they can no longer keep and care for the puppy, the puppy should be returned at once to the Seller free of charge. Buyer also agrees that puppies are sold with limited registration (non-breeding rights.) While the puppy may be capable of performing other functions, no warranty will be given as to its fitness for any other purpose than as a pet. _____
- Any and all concerns should be voiced and dealt with before or on the day of pick-up. Once the new owner accepts and takes the puppy from the Seller's home the puppy belongs to them. _____

This guarantee is valid for the original owner only and is not transferable. By signing this agreement both parties agree to be bound by all terms set forth and Buyer agrees to take proper care of their new puppy. This agreement shall be deemed a legal and binding contract and is under the jurisdiction of the state of Georgia, in the county of Haralson.
